COMMITMENT TO EXCELLENCE

Welcome to Mirador, where outdoor living takes on new dimensions of luxury and relaxation. With a strong commitment to sustainability, we have spent over three decades perfecting the art of creating outdoor products that not only capture the eye but also stand the test of time.

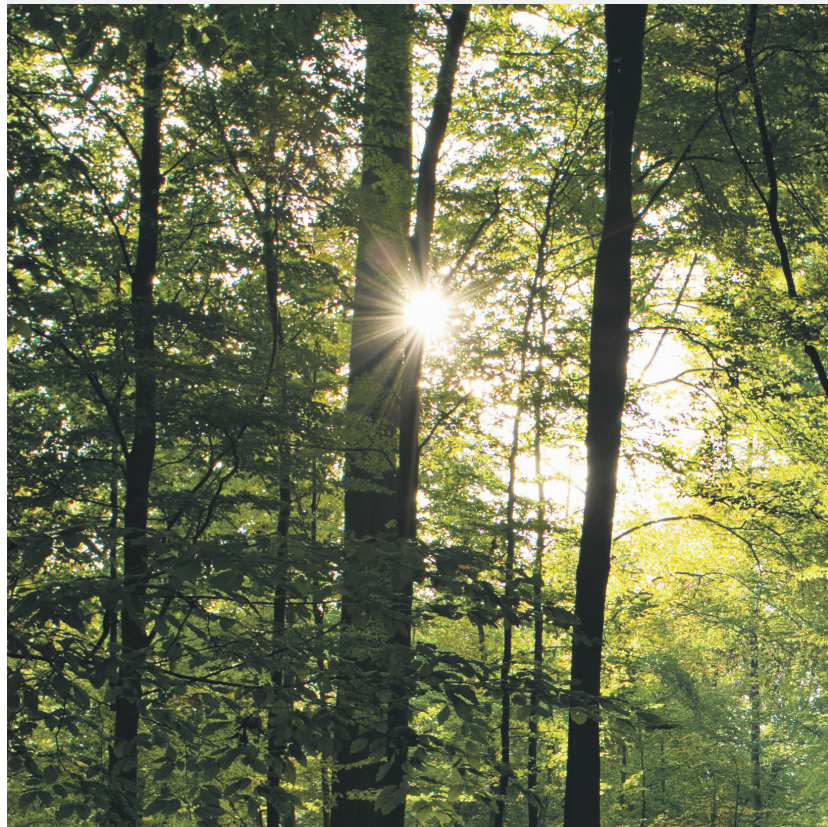

At Mirador, we believe that style and function should always come together in harmony. With meticulous attention to detail, we combine international design expertise with ethically sourced materials to allow you to enjoy the open air year-round, regardless of the weather.

Our commitment to excellence extends from the initial concept to the final product. By keeping production entirely in-house, we have complete control over every aspect, ensuring a seamless assembly and minimizing the visibility of screws. We strongly believe in durable design, and every product undergoes extensive quality control before reaching our customers.

We embrace uninhibited innovation and consistently strive for technical ingenuity and new design trends. Each product is developed with an eye for design, durability, and quality, seamlessly integrating with your home. With our wide range of pergolas and accessories, your outdoor space becomes an extension of indoor comfort. Experience the joys of outdoor living all year long with Mirador.

But our commitment extends beyond creating beautiful products. We have a deep belief in the importance of being responsible custodians of our planet, which is why we prioritize environmental sustainability throughout our collections. From carefully selecting materials to implementing eco-conscious manufacturing processes, we strive to minimize our ecological footprint while still delivering exceptional quality.

Furthermore, we actively seek out partners who share our values of sustainability and social responsibility, as we believe that collaboration is key to creating a better world. Our mission at Mirador is to enhance both the beauty and quality of everyday life, in harmony with nature. We understand that sustainable development and production are crucial to achieving this goal. That's why our products are consciously designed to prioritize your healthy living comfort and are developed using the best that nature has to offer.

We firmly believe that circular construction is not just a future aspiration, but a reality that we must embrace today. With our products, we aim to offer long-lasting solutions that can adapt to your evolving needs and desires. These sustainable total concepts seamlessly integrate into circular construction projects, enabling us to address the pressing limits of our planet head-on.

At Mirador, we take a smart and innovative approach, harnessing the natural assets of daylight and cool, fresh air to provide comfortable and healthy living spaces. We strive to create a connected living experience that is truly transformative, benefiting both our well-being and the environment.

DESIGN DNA

Modern Design

Red dot Award-winning design featuring clean lines and hidden fixings

Louvered Roof

Smooth open and close louvered roof provides efficient control over the amount of sunlight ventilation and rain.

Versatility

CMF DESIGN

The Mirador pergola collection offer a wide range of CMF (color, material, finish) options to match any aesthetic preference or design requirement. Our pergolas are available in powder coated or wood finishes, allowing you to personalize and style your outdoor shading solution.

For a more contemporary style, our powder-coating options are a great choice. We use high-quality powder coatings that are weather and rust-resistant, ensuring that your pergola will stay looking great for years to come. Our powder coatings are also chemical-free and environmentally sustainable, making them a responsible choice for homeowners who care about the planet.

The wood finish options allows you to add a touch of natural beauty to your outdoor space while still enjoying the benefits of a low-maintenance aluminum structure. Our wood finish lamination is long-lasting, weatherproof, and has a realistic appearance and natural touch texture. You can choose from a variety of wood tones to match your existing decor or create a unique look.

With our wide range of CMF options, you can create a personalized and stylish outdoor shading solution that will enhance the beauty of your outdoor space. For specific color and material options, we recommend contacting your local Mirador partner. They will be able to provide you with information about the available combinations and any additional details you may need.

SIZE

Whether you have a spacious patio, a compact terrace, or a sprawling garden, we understand that every outdoor space is unique. The versatile 111 pergola collection are available in multiple sizes to perfectly suit your specific needs and preferences. Choose from our selection of pergolas with 4, 6, or even 8 legs, each offering unique advantages to suit your desired space and functionality. Our 4-legged pergolas provide a sleek and minimalist design, ideal for smaller areas or those looking for a contemporary touch. If you require a larger area coverage, our 6 or 8-legged pergolas offer enhanced stability and ample space for your outdoor activities.

In addition, also the Home Extension pergolas are available in a wide range of sizes to cater to your specific needs and preferences. With their unique wall mount feature, they seamlessly blend functionality with aesthetics, making them a perfect addition to any home. Our Home Extension pergolas come in both 2-legged and 3-legged options, each offering unique advantages to suit your desired space and functionality. For those looking for a sleek and minimalist design, our 2-legged pergolas are a perfect choice. If you require a larger area coverage, our 3-legged pergolas are the way to go.

No matter the size you choose, all our pergolas are built to last. Crafted from high-quality materials, they are durable, weather-resistant, and require minimal maintenance. Whether you have a small backyard or a spacious patio, these pergolas will transform your outdoor space into a true haven.

111 CLASSIC

111

CLASSIC

Crafted with utmost precision, the 111 Classic pergola boasts a high-quality aluminium frame and strong galvanized steel louvers. This ensures a durable and low-maintenance product that will stand the test of time. Its robust design, supported by 111 x 111 mm aluminum posts, provides reliable protection against both sun and rain. The integrated rain gutter efficiently directs water away, guaranteeing effective drainage during rainfall.

Beauty meets functionality with the pergola's minimalistic design. Create the perfect atmosphere and ambience on your terrace with ease. The unique louvered roof, adjusted effortlessly with a simple crank mechanism, allows you to personalize your outdoor experience.

- Versatile Louvered Roof**
 The louvered roof allows you to easily adjust the amount of sunlight and shade, giving you full control over your outdoor space.
- Modern and Luxurious Aesthetic**
 With its sleek design and clean lines, the 111 Classic Pergola adds a touch of modern elegance to any outdoor setting.
- Easy Installation and Use**
 The 111 Classic Pergola is designed for quick and hassle-free installation, with clear instructions provided.

CLASSIC

HOME EXTENSION

The 111 Classic Home Extension pergola is a versatile solution designed to seamlessly blend into your outdoor living space. Crafted with the same precision and quality as the original 111 Classic pergola, this innovative design offers a unique wall mount feature, perfect for extending the comfort and beauty of your home.

What sets the Home Extension pergola apart, is its clever integration with your home's architecture. Seamlessly attach this pergola to an exterior wall, transforming it into an elegant extension of your living space. The minimalist design enhances the aesthetic appeal of your home, while the adjustable louvered roof, operated effortlessly with a simple crank mechanism, allows you to create the desired atmosphere and ambience.

- Seamless Integration**
 The elegant and thoughtful design effortlessly blends in with the architectural style of any building or home.
- Unique Wall Mount Feature**
 The 111 Classic Home Extension installs directly onto permanent structures for a sturdy and durable shade solution.
- Enhanced Living Space**
 Create an additional living space, allowing you to make the most of your outdoor space all year round.

LOUVER WALL

The Louver Wall Panels are specially crafted to enhance the functionality and style of your pergola. Designed with both privacy and shelter in mind, these panels offer a chic solution to enclose the sides of your pergola. Each panel is constructed with fixed louvers, allowing you to effortlessly create additional privacy while adding a touch of contemporary elegance to your outdoor space.

The aluminum material ensures durability and resistance to various weather conditions, providing you with long-lasting reliability. With the louver wall panels, you have the freedom to create a pergola that truly reflects your personal style. Whether you choose to place the panels in a corner for a cozy nook or close off an entire side for a more intimate ambiance. Please note that to close off an entire side, three panels are required.

- **Stylish and Modern**
The sleek and contemporary design of the Louver Wall Panels integrates perfectly with the 111 Pergola series, adding a touch of elegance to your outdoor living space.
- **Shelter and Protection**
The panels provide an extra level of protection from wind, rain, and direct sunlight, allowing you to enjoy your outdoor space in comfort throughout the year.
- **Easy Installation and Maintenance**
The Louver Wall Panels are designed for easy installation and low-maintenance.
